# HOW TO EXCEL PLUGIN SMS

[www.smsplus.in](http://www.smsplus.in)

# Excel Plugin SMS- Introduction

If you go around looking for a reason as to why you need a tool like **Excel Plugin SMS**, then always bear in your mind that in a highly dynamic market like India where a business has to deal with numerous internal and external challenges, things can never be at ease without tools like **Excel Plugin SMS**, as this tool goes best on the standard of speed.

Generally, sending a customized text message to the thousands of the recipients is a time consuming process. But with the help of Excel Plugin, this can be done within just a few minutes. Since the use of Excel plugin helps you to perform this function directly from the Excel sheet and even more intriguing is that it can be without logging in into your Bulk SMS panel.

Thus a time stitcher tools like Excel plugin can turn out to be an ultimate game changer for your business because we live in a world where 16 million text messages are exchanged every minute. Therefore, the delay of even a minute can snatch away the game from you. Apart from this other features like analytics and customization allows you to make modifications as per your convenience.

# Can we send SMS from Excel file?

---

Indeed it is possible to send SMS from excel file. For this you will have to-

**1**

Prepare a list of all the contacts number in an Excel sheet whom you wish to send messages

**2**

Now install the Microsoft flow Excel add-in in your system from the Home Tab.

**3**

For the further process, you would need a User ID and password of your sms account.

**4**

Now go back to your data tab and click on flow add-in to open flow window pane.

**5**

Then locate the file that contains contact numbers whom you have to send the message.

**6**

Now select the columns that contain phone number and names of the recipients.

**7**

Add them to the Phone number and text areas appearing on your screen.

**8**

To proceed further press the Save button and start sending messages with the send button.
